

Single rocker for switches with pilot light ivory Simon 75

REF. 75012-31

BASIC INFORMATION

DESCRIPTION

We present this individual rocker with pilot light, which is compatible with control mechanisms of the Simon 75 series. It is ivory in colour and is also available in bronze, white, aluminium, grey and graphite. A wide variety of discreet and distinguished tones to give elegance and style to the different spaces: Our home, the office, a business, etc. It is made of thermoplastic material and the installation you can perform either in surface-mounted and through flush-mounted by means of a universal box. Recommendations regarding the choice of frame: To achieve a balance of tonality throughout the set of the mechanism, it is recommended to choose a frame that has the same baseboard colour as the rocker selected. To properly clean this piece, it is recommended to use a soft cloth slightly dampened in soapy water. Simon 75, solid and elegant designs. Compact solutions with style and personality.
