Frame with double rocker grey Simon 44 Aqua

REF. **4400026-035**

BASIC INFORMATION

DESCRIPTION

Frame with double rocker grey in colour of the series and Simon 44 Aqua. It is made of thermoplastic, a highly resistant material, both to possible friction and knocks and to the most extreme temperatures, the article has dimensions of 84x75 mm and a depth of 25 mm is suitable for installation on all types of spaces (only vertically), although it is advisable to do it in environments with a temperature range between 5 and 40ºC for optimum preservation of the part. The series Simon 44 Aqua is a collection designed for harsh environments in which there is the presence of water, dust or for outdoor areas. Its mechanisms are 100% safe and offer the maximum protection in the series we find it also covers in different finishes to put a touch of colour, where there is to locate. For proper maintenance of this article, cleanse with a soft and dry cloth.
