

## Cover for German socket outlet with antibacterial safety device Simon 27 Play

REF. 2700041-060

## BASIC INFORMATION

### DESCRIPTION

In the format for Schuko lateral ground connection, this cover for socket-outlet with safety device antibacterial in white of the Simon 27 Play series is one of the best selling on the market, being ideal for all types of applications that require a high degree of resistance to knocks, friction and also vandalism. With dimensions of 45x45 mm, it is recommended to combine with antibacterial function sleeves for maximum protection, making it one of the most demanded in large buildings such as hotels, commercial establishments, educational centres or the headquarters of offices. Composed of two modules, it is suitable for surface and flush mounting. It has been manufactured with thermoplastic materials and does not include the mechanism, as it is an optional accessory that allows changing the front colour of the mechanisms of the Simon 27 series plug.
