

Voice and data flat plate with dust cover for 1 element for 1 Panduit® RJ45 connector black Simon K45

REF. K69/14

BASIC INFORMATION

DESCRIPTION

The series Simon K45 aims to protect the qualities of electrical and electronic installations of private homes and businesses. A good example is the flat plate for voice and data with dust cover for one element for a Panduit RJ45 connector in black finish included in this range, thanks to it obtendremos maximum security in the same. If it combines in vertical enclosures you must use the 90° positioner to guide the plate into a vertical position. Its installation, which can be carried out both on a baseboard surface-mounted and in a box flush-mounted into the wall, it is quick and easy thanks to its dimensions of 45 x 45 x 8 ' 5. In terms of its structure, very resistible and durable, it has been manufactured with halogen-free thermoplastic, a component that guarantees no flame propagation in case of fire and low toxicity in the event of smoke generation.
