

Spotlight 740.01 Rail 4000K Wide Flood DALI White

REF. 74001330-484

BASIC INFORMATION

DESCRIPTION

The 740.01 Rail Spotlight 4000 K Wide Flood DALI White of the range of Simon, especially 740 stands out for its high lighting efficiency (91,5), one of the most high that can be found in spotlights. This explained in large extent that issue up to 1830 lumens with its 20W of power, a number very high bearing in mind that its power is not of the most high on the market.

This spotlight has a type Wide Flood optics that makes it possible to the angle of opening the light beam reaches the 47 degrees, a number of the most high in a spotlight. In terms of the light we can assert that is white of type, neutral, thanks to the fact that reaches a colour temperature of 4000 K and that the service life of the luminaire is at least 30000 hours of lighting at a constant temperature.

Another interesting qualities is its simple installation thanks to the fact that it is of type rail or that incorporates the DALI dimming system, one of the latest innovations in the world of the spotlights and that allows you to manage different parameters of the spotlight, in function of the quantity (QTY.) of light that you want. His IP rating is 20.

APPLICATION

Accent lighting,General lighting
