Frame for 3 elements matt aluminium interior graphite Simon 82

REF. **82834-33**

BASIC INFORMATION

DESCRIPTION

The Metal noble range of this model of frame is included in the Simon 82 series, has a matt aluminium finish and a graphite centre in black, it is a minimalist design that adapts to any space, becoming a small differentiating detail. It is composed of three elements, although it has a capacity from one to four elements, measuring 229x89mm. It is designed to facilitate the assembly, adapting to any universal box for flush-mounted, but also to be position, place in surface-mounted. To complete the design, in its full potential, it is recommended the use of rockers and covers in the same finish, matt aluminium. If you as well, the mechanism will be perfect where it decide to put it. The manufacturing material of the baseboard is thermoplastic, while the frame is made of zamak. For maintenance and cleaning, only, it is necessary to use a soft and dry cloth, anything that could damage the material.
