

Frame 5 half elements with frame holder 1 row grey interior white Simon 82 Centralisations

REF. 82651-33

BASIC INFORMATION

DESCRIPTION

Frame, which consists of 5 half elements with frame-holder of 1 row is finished in grey and white indoor. This mechanism measures 89x158 mm and it is suitable both for surface-mounted or to be flush mounted in walls of small space and also in furnishings. Due to its qualities, it can be installed both vertically and horizontally. To prolong its service life, it is recommended to give this product proper maintenance. To do this, you can use a soft cloth slightly moistened in soapy water, avoid also those cleaners that include chlorine among its components. The frame belongs to the Simon 82 Centralisations series, a collection that offers a greater number of functions in less space. Its mechanisms are ideal for any environment, especially for work stations, control stations, kitchens, restaurants, hotels, offices, etc. The series is an ideal combination of appearance and functionality.
