

Mini jack connector for half element ivory Simon 27 Play

REF. 2701092-031

BASIC INFORMATION

DESCRIPTION

We present you this connector with half element mini-jack and ivory finish belonging to the Simon 27 Play series and has a single module. The quality of the materials of manufacture is ensured: This connector has different components of the highest quality and with halogen-free insulation, as well as a thermoplastic trim. It has a screw terminal connection, its dimensions are 22,5x45 millimetres. Section of wire cross-section of 0.2 to 0.5 millimetres; stripping of wire to 5 millimetres. It is suitable for surface-mounted and also to be recessed. Another interesting significant with regard to its installation, it is that the maximum recommended length of cabling does not exceed the 30 meters to ensure an optimal operation, for more information, so that the user please refer to the product instruction sheet. On maintenance, it is important to use a soft cloth moistened in soapy water is sufficient (with a little) must not to use abrasive cleaners with chlorine).
