

Interchangeable case for 3 elements frame black & white

Simon 27 Play

REF. 2700637-802

BASIC INFORMATION

DESCRIPTION

Discover a new concept with the interchangeable cover for frame for three elements with black and white finish, belonging to the Simon 27 Play series that you can select in the ""frames"" section of this current collection. To perfectly match the sleeve we recommend using the graphite finish for rockers and covers that you choose when placing it on the element. A series of sophisticated features, offering the most advanced technology for any space in your home, take advantage of the best features to ensure the best performance in the elements of your home. Make the most of it and make sure you have the best quality as a companion to your elements in the home, with the interchangeable covers of the Simon 27 Play series the possibilities are endless and you can establish more security in your home when it comes to contact with the elements that compose it.
