

## Frame for 2 elements graphite aluminium base Simon 82 Detail Original

REF. 8200620-238

## BASIC INFORMATION

### DESCRIPTION

This frame is designed for two elements, with a graphite finish and socket in aluminium colour, it is recommended that the rockers and covers to be used have the same colour, in order to achieve greater harmony. The frame corresponds to the Simon 82 Detail Original series, a new collection that stands out for its design because its socket protrudes and produces the effect of the frame floating on the wall, in addition, this series offers us a great diversity of designs and colors that fit perfectly into any room. The frame measures 93x164mm. It also offers ease and simplicity at the time of installation as it is suitable for surface mounting or flush mounting, according to the needs of each home. The usual operating temperatures of the frame are between 5 and 40°C and can reach a maximum temperature of -25° and 50°C. This series has an infinite number of colors and designs of the same frame that will facilitate the different combinations to form an ideal set for any decorative space.
