

Cover for flush mount cylindrical fuse holder mechanism 8x32 mm graphite Simon 88

REF. 88056-38

BASIC INFORMATION

DESCRIPTION

The Cover for the flush mounted cylindrical fuseholder mechanism 8x32 mm in graphite colour of the Simon 88 series is the best example for one element, you can combine perfectly the maximum security with the most innovative design. These two features that allows us to integrate into all types of spaces and environments regardless of its decoration is classic and modern. Thanks to its dimensions ((Ø 68.3 mm), it is a plate that has been made with components made with thermoset materials that allow it to give maximum performance in the most adverse temperature conditions, as well as to avoid its deterioration against knocks and impacts. Its low price makes it affordable to all types of pockets. For all these reasons, it is one of the most demanded element in large public and private buildings such as educational centres, spaces or places health intended to activities leisure and sports.
