

Single rocker for switches with support for label holders graphite Simon 75

REF. 75063-38

BASIC INFORMATION

DESCRIPTION

With device for sign holder, we present this individual rocker for control mechanisms, in graphite colour and belonging to the Simon 75 series. It is made of thermoplastic material and, for proper cleaning, it is recommended to use a cloth moistened in soapy water. The installation of this part can be carried out both on the surface-mounted and through flush-mounted. It is available in the following colours, in addition to graphite: White, matt aluminium, grey, ivory and bronze. All of them, discreet and elegant colors that will add to your installations, a touch of distinction and elegance. In this line, it is recommended to choose a frame with the same baseboard colour as the rocker selected. It does not incorporate any type of engraving on its surface and belongs to the Simon 75 series, which offers users an extensive range suitable for all types of decorative spaces and multiple colour combinations.
