

Voice and data flat plate with dust cover for 1 element for 1 Nexans® RJ45 connector black Simon K45

REF. K85/14

BASIC INFORMATION

DESCRIPTION

The sound is a very important element to create the ambience more suitable for each situation. For the protection of these systems, we have the best ally in the flat plate for voice and data with dust cover for an element for an RJ45 connector Nexans in black colour of the series Simon K45. This accessory dimensions 45 x 45 x 8 ' 5 mm, being suitable for surface-mounted and recess. When combining the voice and data plate in vertical enclosures (mini-columns, columns, Teleblock, channels, mechanism holders) you must use the 90° positioner (reference K66) to guide the plate into a vertical position. The structure keeps its qualities as the first day thanks to the halogen-free thermoplastic, a component that guarantees no flame propagation in case of fire and low toxicity in the event of smoke generation.

FINISH

Black
