Back kit for 3 elements with 1 Schuko socket outlet and 2 HDMI + USB connectors Simon 100

REF. **10010305-039**

BASIC INFORMATION

DESCRIPTION

The material with which this front kit is designed is prepared to reach temperatures that can oscillate, without any inconvenience, between 5 and 40º, and can support up to a maximum of up to -25 and 50ºC. The front kit has capacity for 3 elements, a socket-outlet base and 2 HDMI + USB connectors, with current of 16 A and 250 V~. The Schuko terminal connection type is click (1 click ®) and the HDMI + USB is screw, it works with both push-button rocker switch as with insertion. Also within this same series of Simon 100 products, other formats and colours are available to suit your individual requirements. Its installation is very simple and comfortable because the product is suitable to be recessed and does not require any special tools. The front kit fulfils its function perfectly thanks to the guarantee and experience of a solid and specialized brand in the sector
