

T connector with RH outside earth

REF. 89910830-039

BASIC INFORMATION

DESCRIPTION

Simon offers to our disposal a wide range of accessories to be able to perform a light installation using the three-phase rails. This piece in the form of T has a ground connection outdoor to its right, is made to be installed in indoor and its finish is white in colour, although we can also find it in graphite. This type of installations, it is the most comfortable way and efficient, with which you can add, move, remove the light points to our taste. The piece is valid for the rails 1, 2 and 3 metres. Simon is committed to the LED technology, its constant investment in development allows you to calculate Patent own to achieve a better efficiency, a greater durability and manufacturing a wide variety of luminaires to be able to adapt to all spaces, whether individuals and professionals.
