# Trim plate for MCB or RCCB for 2 elements graphite Simon 500 Cima

REF. **50000074-038**

## BASIC INFORMATION

### DESCRIPTION

Trim plate for miniature circuit breaker or residual current circuit breaker of 2 elements finished in graphite, belonging to the Simon 500 Cima series. It measures 100 x 50 x 36 millimetres. What should I know at the time of installing this plate? That it is suitable for installation in surface-mount wall boxes or recess, including mini-towers, mini-columns, columns and metal enclosures of all kinds. For its universal design, it is perfectly suitable to be installed in any enclosure of the Simon 500 Cima with the exception of the floor boxes that belong to this range. How to clean this plate? Remember to clean it with a soft and dry cloth and never use cloths or abrasive cleaners containing chlorine. This product is part of the Simon 500 Cima series, which provides all kinds of kits of products, mechanisms and enclosures, which are dedicated to facilitate the ultimate expression of workplace solutions in the work stations.
