

**Cover for voice and data flat plate with dust cover for 1
Systimax® RJ45 connector aluminium Simon 82
Centralisations**

REF. 82593-63

BASIC INFORMATION

DESCRIPTION

Cover finished in aluminium colour (even if it is available in 5 different colours), voice, data and of the series Simon 82 Centralisations and that is used for 1 Systimax ® RJ45 connector. This cover has an element and is perfect to be installed both flush mounted and surface-mounted and its cleaning is very easy to perform, as you just have to use a soft cloth slightly moistened in soapy water and forget you of the abrasive cleaners and / or cloths containing chlorine in its formula. Of the series Simon 82 Centralisations you may note that is very versatile and can be installed in different spaces such as, for example, offices, retail, restaurants, hotels, kitchens, furnishings, bed headboards, control stations and station connection and also work stations. In addition, Simon 82 Centralisations, stands out because it offers many more electronic functions in less space. These functions are: The centralisation of blinds, adjustment of lighting, sound, memorization and Clockmaking and programming of temperature.
