

Plate for digital radio with FM tuner from 87.5 to 108 Mhz champagne Simon 82

REF. 82058-34

BASIC INFORMATION

DESCRIPTION

The choice of the plate for digital radio included with FM tuner from 87.5 to 108 MHz with a champagne finish, also available in six finishes, it is recommended to choose a frame with the same baseboard colour as the selected rocker. You can combine the elements of this new range with others of the Simon 77 series because they have a great compatibility. For its installation, it is recommended to take into account the following measurements of 55x55 mm and it can be coupled on the surface-mounted or also recessed where desired. Its manufacturing material is made of top quality galvanized thermoplastic, has an average temperature range of 5 to 40°C and its maximum temperature is between -25 and 50°C. The Simon 82 series stands out for its variety of textures, noble finishes and minimalist designs that will bring balance, simplicity and elegance to your home, maintenance is comfortable as it must be cleaned with a soft, dry cloth.
