# Frame for 3 elements lilac interior white Simon 82

REF. **82631-64**

## BASIC INFORMATION

### DESCRIPTION

When we talk about noble finishes, minimalist design and a wide variety of textures, you do of the Simon 82 series, a great variety of designs and innovative functions to adapt to any space and needs. The dimensions of this frame, made of thermoplastic, are 229 x 89 millimetres. It has a care finished in lilac colour and is suitable for flush mounting and installed on the surface-mounted. The combinations of this series are very varied, but it is recommended to the ivory finish for rockers and covers. This frame for 3 elements is also available for 1,2 and 4. Thanks to the great compatibility of this series with the Simon 77 mechanisms, you also reduce installation times considerably. Since in 1916 was a small family workshop, Simon has working and developing quality products, due to the great effort, Simon is now a benchmark worldwide.
