Blind cover half element white Simon 27 Play

REF. **27800-34**

BASIC INFORMATION

DESCRIPTION

Half element blind cover of the 27 Play series is available in 2 different finishes, but it is always recommended to choose the frame of the same colour of the cover that we select. The blind cover is of individual version, this model of cover includes half an element and a module but does not contain signaling function. The limit of the recommended temperature range is from 5 to 40ºC reaching maximum temperatures of -25 to 50ºC. It is suitable for installations in surface mounting or flush mounting. Discover the half-element blind cover, which does not apply any regulation. The manufacturing material of the blind cover is thermostable, with a white plastic finish. The dimensions of the cover are 22,5x45mm. This model of half element blind cover does not include any type of engraving.
