

Blind cover champagne Simon 31

REF. 31800-34

BASIC INFORMATION

DESCRIPTION

Available in five finishes, so it is recommended to choose the frame with the same colour of the selected plate, the series Simon 31 has between its articles more highlights the blind Cover in champagne colour. The dimensions of this protection system for electrical and electronic systems are 64x65 mm, so that it is a cover perfect to be installed both in private homes as well as in company headquarters or commercial premises. We are looking at a blind cover made under the regulation in force in the sector of electrical systems with metallized thermoplastic composite materials that prevent oxidation of the structure over time under high temperature conditions, in addition to the negative consequences of knocks and scratches that may occur due to small accidents. As it happens in the rest of the products in this range, this piece complies perfectly bare of the highest quality at the best price.
