

Spotlight 740.01 Rail 3000 K Spot CR90 Black

REF. 74001038-293

BASIC INFORMATION

DESCRIPTION

The Spotlight 740.01 Rail 3000K Spot CR90 Black is a spotlight 740 of the range of Simon that brings together a good number of technical features a very interesting. In first we highlight that has a colour rendering index that reaches up to 90 (about 100), a number very high that makes it possible to its use, even in spaces where it is needed lighting of the highest quality, as museums or art galleries.

Also can be talking about its attractive appearance outdoor, with a black colour with textured paint that gives a appearance and quality. But under its appearance is a body manufactured in aluminium of the highest quality or a high thermal design that contribute to ensure the durability of the spotlight in the long term. By course remember that the luminaire has a service life of at least 30000 hours at 25 ° C, a number very high.

As mandated and as its name suggests, and as other spotlights of Simon, this spotlight with a type installation rail, much more quickly and easily that other types of installation. The 3000 K of its colour temperature allows you to send a warm white light of the most natural and cosy.

APPLICATION

Accent lighting, General lighting
