Voice and data angled plate with dust cover for 2 AVAYA® RJ45 connectors white Simon 27 Play

REF. **27086-35**

BASIC INFORMATION

DESCRIPTION

Voice and data plate, with dust shutter and two RJ45 AVAYA connectors. Commitment to a discreet finish is white in colour and is part of the Simon 27 Play series, versatile. The plate in question, you can find it in a total of 3 different finishes, so it is recommended to choose to install the frame in the same colour as the plate white. This is the individual version, for a single element and two modules in total. Does not include a signaling function and can be installed recessed or surface-mounted. It is also made of a thermoplastic material of the highest quality, as it can withstand extreme temperatures very (between -25 to + 50 degrees centigrade). It measures 45 x 45 millimetres. It is worth noting that the adapter modules RJ 45 are not included. The plate has no symbol on its outdoor design. For cleaning, simply use a cloth of cotton, very soft and completely dry cloth, always avoid the use of abrasive cleaning products.
