

Trim frame for 3 elements gold Simon 27

REF. 27956-33

BASIC INFORMATION

DESCRIPTION

The frame Simon 27, with its gold finish, brings together the experience of the classic design and the contemporaneity. The touch of golden, in the centre, gives sophistication and design that adapts to any type of space. Designed to have a capacity of one to three elements, this model consists of three. It measures 232x90mm. The manufacturing material is galvanized thermoplastic, which gives hardness and resistance to design. It is designed for assembly in any universal flush-mounted box, vertically or horizontally according to the needs of the space. Its maintenance require only a soft and dry cloth, without cleaners that may damage.

FINISH

Gold

MATERIAL

Plastic
