

Frame for 1 element green Simon 75

REF. 75610-65

BASIC INFORMATION

DESCRIPTION

The Simon 75 series responds to the latest demands that a market as changing as ours needs. This is also true of all its frames, such as this frame for 1 element in green colour, manufactured in materials that provide the necessary materials to easily face adverse environmental conditions (high and low temperatures) as well as to ensure sufficient resistance against possible knocks, scratches or impacts of any kind. A simple but effective design that fulfils its function perfectly. Also, this type of brand can be found in different finishes and colors, any rocker can be attached to the square cavity of each frame, depending on whether it is for 2,3 or 4 elements. They can be mounted vertically or horizontally. If you prefer another colour or a frame with more elements, we invite you to take a look at our 'frames' section and find the one you like best or combine it with your home or workplace.
