

Plate for electronic rotary voltage regulator up to 500W/VA with light grey Simon 75

REF. 75050-35

BASIC INFORMATION

DESCRIPTION

Button plate for the electronic rotary voltage regulator up to 500W / VA with indicator light. In grey colour and belonging to the Simon 75 series, also available in the following finishes: Matt aluminium, white, ivory, bronze and graphite. It is recommended to choose the frame with the same baseboard colour as the rocker selected. It is made of thermoplastic material, clean with a soft cloth and moistened in water with soap. It does not include engraving. For its proper installation, it is necessary to use a universal recessed box or, in its absence, a baseboard surface-mounted. With Simon, habitability is significantly improved because its mechanisms offer a wide range of options for users to equip the spaces to suit their taste and lifestyle. Diverse colors in the same frame that will facilitate multiple combinations to form the ideal set that best suits each need.
