High surface mount box for 1 element white Simon 75

REF. **75751-30**

BASIC INFORMATION

DESCRIPTION

It is a high surface-mounted box, especially for 1 element, in white colour of the wide and extensive range of Simon 75. For the installation of the product you will need to perform a hole of high and width of 82x89 mm and x37 mm depth, for its placement with pressure on the piece or place it on the surface-mounted will suffice. We recommend using the white finish for rockers and covers. The manufacturing material is thermoplastic, so if you want to clean the piece you can use a soft cloth slightly moistened in soapy water, although under no circumstances we recommend the use of cloths and / or abrasive cleaners containing chlorine, as they may damage or damage the article.
