

Single rocker with viewer and light symbol champagne Simon 82

REF. 82016-34

BASIC INFORMATION

DESCRIPTION

In the Simon 82 series we find this individual rocker with viewer and light symbol engraving in champagne colour. You can find this piece in the category "rockers and covers". There are also six finishes to choose from as the Simon 82 series is equipped with endless textures to create the best possible combinations. It is advisable to choose the same colour as the frame that in the baseboard of the rocker as the combination is so authentic design. Its installation is suitable for surface mounting or flush mounting, so that it is very fast, safe and you will have the element working in an instant. It includes an engraving of a light symbol to recognize and differentiate the function of the switch when pressed. Its manufacturing has been carried out with metal components with halogen-free thermoplastic insulation, so the quality of the part is unsurpassed and its performance is unpolluted.
