Single rocker with viewer and light symbol for S.77 mechanisms aluminium Simon 82

REF. **8200016-033**

BASIC INFORMATION

DESCRIPTION

Safety in an electrical system is a non-negotiable element. With it we make sure that everything works properly and avoid any type of accident. This quality is present in the individual Rocker with viewfinder and light symbol in aluminium of the Simon 82 series, which is also compatible with all mechanisms of the Simon 77 series. This piece consists of a signaling function and comes in six finishes. But it has more features. Thanks to its dimensions of 55x55, the rocker can be either surface mounted or flush mounted. It has been developed in compliance with the regulation UNE-EN 60669-1:2002 + A1:2003 + A2:2009 standard with galvanized thermoplastic components, a quality that is not reflected in its price, since we are before the most competitive rocker on the market. And to keep it clean and in perfect condition like the first day you only need to use a soft and dry cloth.

FINISH

Aluminium

MATERIAL

Plastic

PACKAGING CONTENTS

Single rocker and fastening bracket

SYMBOL

Light

COMPATIBILITY

Simon 77 mechanisms

ETIM CLASS

EC000011

REMARKS

Available in 6 finishes. It is recommended to choose a frame with a base the same colour as the selected rocker.

TECHNICAL INFORMATION

AVAILABLE MARKET

CE

IP RATING

IP20

OPERATING TEMPERATURE RANGE (°C)

5 - 40 °C
