Frame round for 1 element white Simon 88

REF. **88610-30**

BASIC INFORMATION

DESCRIPTION

Round frame with white finish for one element, it is suitable for surface and flush mounting and has dimensions of 100x100 mm. It is made of thermoset plastic and is included in the Simon 88 series. For the best result, it is recommended to use rockers and covers with a white finish. This frame is characterized by its resistance to extreme temperatures. However, the manufacturer recommends installing it in environments where the temperature is between 5 and 40ºC for its proper conservation. For cleaning, use a soft textured cloth slightly moistened in soapy water. Also, avoid abrasive cleaning products that contain chlorine. The Simon 88 series stands out for its pure lines. It is a collection with modern and style capable of attract all the glances to defy the preconceived ideas. This round frame it is, without a doubt, a good example of this.
