

Flat voice and data plate with dust cover for 2 RJ45 connectors aluminium Simon 82

REF. 82006-33

BASIC INFORMATION

DESCRIPTION

Voice and data flat plate with dust cover included for two RJ45 type connectors and compatible with the system with finished in aluminium colour of the Simon 82 series, go to the rockers and Keyboards section if you want to find out about other finishes available, specifically six. As a recommendation to always make the most of the combination of elements, you will have to choose a frame with the same baseboard colour as the rocker selected. Enjoy the balance and simplicity combined to create a trend in the decoration of your home, the installation is suitable for surface mounting or flush mounting, making it easier to install, but thanks to the compatibility with the Simon 77 series mechanisms with just two steps: Insert and tighten. This saves time and increasing the security at the time of installation.
