

German monoblock socket base 16A 250V~ with safety device and fast terminal connection ivory Simon 27

REF. 27462-63

BASIC INFORMATION

DESCRIPTION

This push-button switch with engraved light, half element and that operates with elements supporting up to 16 Amps and 250 Volt voltage, is another of the options offered by the magnificent Simon 27 Play series for a bonus of functionality in our home or workplace. Has a built-in light and is quick terminal connection. Standard finish in white, but always with all the options in terms of design that incorporates the Simon 27 Play collection, being able to change the image of these mechanisms (and end of the room) in a matter of seconds, just with a click. It is very important to emphasize that this product is compatible with all of the Simon 27 Play series, and with the frames of the Simon 27 Neos, Simon 27 Scudo, Simon 27, Simon 27 Centralizations and Simon 44 Aqua. More comfort and functionality, impossible. Takes this product here at the best price.
