

3-Element Frame Black Simon 270

REF. 20001930-039

BASIC INFORMATION

DESCRIPTION

Three-element frame from the Simon 270 series, designed for precise coupling with all mechanisms in the range. Made of highly durable painted steel, it ensures perfect alignment of the mechanisms and minimises gaps between frames and functions, offering a uniform and elegant appearance. Suitable for installation in a universal flush mounting box and in either vertical or horizontal position, it integrates easily into any new-build or refurbishment project. Operating temperature: 5 to 40 °C. Storage temperature: -25 to 50 °C. For maintenance, clean with a soft cloth and avoid abrasive or aggressive chemical products.
