

Frame for 1 element matt green without claws and with frame holder Simon 27 Neos

REF. 27771-62

BASIC INFORMATION

DESCRIPTION

In Simon you will find the best variety in designs for frames of this type, such as the one offered by this collection: The Simon 27 Neos series, with its two sides full of alternatives. Two ranges of the Simon 27 Neos series, matt and shiny. On this occasion we bring you a frame of the first aspect of this novel collection. Frame for 1 matt green element without claws and with Simon 27 Neos frame-holder. It is suitable for surface and flush mounting frame-holder. Thermoplastic with metal frame, ensuring good stability and good support for the rest of the mechanism, its installation is very simple and can be done vertically or horizontally. How to clean this frame? To use a soft cloth slightly moistened in soapy water, never use, in any case, abrasive cloths or cleaners that contain chlorine and may damage the surface-mounted and, worse, the rest of the mechanism.
