REF. **73086-60**

BASIC INFORMATION

DESCRIPTION

The Simon Group is characterized by set in the market the best products. Day to day achieved thanks to its effort the highest quality, security and reliability as possible. This plate of voice and data of the series Simon 73 Loft with dust cover stands out as one of the best articles at the best possible price, is compatible for a modular RJ-45 connector and RJ-11 / 12 that are ordered separately. It is designed in white finish and it is recommended to mounted on a frame of the same colour. It has dimensions of 55 x 55 millimetres and is the individual version for one element. Simon 73 Loft uses the best thermoplastic materials, very resistant to knocks and scratches and with a very simple maintenance, simply lavándolo with a cloth moistened in soapy water, Simon also makes it easy. Its installation is complete in four simple steps without the need for previous knowledge of electricity and without any tools.
