

Cover for flush mount cylindrical fuse-holder mechanism 8x32 mm aluminium Simon 75

REF. 75056-33

BASIC INFORMATION

DESCRIPTION

Finished in matt aluminium colour, this cover for the mechanism fuseholder recessed cylindrical type 8 x 32 mm, it belongs to the Simon 75 series. It is made of thermoplastic, a material that for its correct cleaning requires a soft cloth and slightly moistened in water with soap. As for the choice of the frame, it is recommended that it be of the same baseboard colour as the selected cover. For its installation, it is necessary to use a universal box recessed. If it is not available, use a baseboard surface-mounted. Finally, it should be noted that this reference offers 5 more possibilities in terms of available colours: Graphite, white, grey, ivory and bronze. The user can choose from a wide range of finishes that will allow you to decorate your spaces with style and distinction. With Simon 75, the electric mechanisms of the electric motors become elegant decorative elements that provide security and comfort.
