Mini jack connector for half element graphite Simon 27 Play

REF. **2701092-038**

BASIC INFORMATION

DESCRIPTION

This half element mini-jack audio connector is graphite colour and measures 22.5x45mm. belongs to the Simon 27 Play series is a collection that proposes an avant-garde concept when it comes to redecorating own spaces, thanks to its versatile mechanisms and extensive range of electronic functions. Specifically, this mini-jack connector is suitable for surface and flush mounting and its installation does not involve any major complications. Includes screw-terminal connection system. Remember that the correct fastening is essential to ensure proper operation. The device consists of metal components with halogen-free insulation and trim made of thermoplastic, a material that stands out for its strength. It is recommended that the maximum length of cabling is 30 meters for optimum performance. If in doubt, please refer to the instruction sheet of the article. For maintenance, use a soft and slightly damp cloth.

FINISH

Graphite
