Vertical minimum frame 2 elements gloss white Simon 100

REF. **10002620-130**

BASIC INFORMATION

DESCRIPTION

Minimal frame designed to be installed vertically and occupying 2 elements. It is made of gloss white and is a device of the Simon 100 series. It is compatible with the rest of the 100 series mechanisms. It is a device that is made based on plastic and has dimensions of 296.5x83x5mm.

This device is also available occupying one, three and four elements. With a simple finish and being made in a beautiful neutral colour, it's perfect to place in any room and with any type of decoration. As regards its installation, it can be placed vertically and in a universal box.

For proper maintenance, it must be installed in an area where an operating temperature range from 5 to 40º C and a storage temperature range from -25 to 50º C respectively can be maintained. When cleaning it, you will have to pass a damp cloth with water and some soap, avoiding more aggressive products such as those containing chlorine.
