

Spotlight 740.00 Rail 3000 K Spot DALI White

REF. 74000330-283

BASIC INFORMATION

DESCRIPTION

The Spotlight 740.00 Rail 3000K Spot DALI White is a spotlight, which is characterized by a white colour with textured paint which is stylish and discreet for any space. On the body manufactured in aluminium of the highest quality, this spotlight 740 of the range of Simon makes it possible to achieve a colour temperature of up to 3000 K to achieve a warm white light type very interesting.

This spotlight incorporates the system DALI, a control protocol that allows you to manage the quantity (QTY.) or the colour of the light it emits each luminaire. From this way you get a flexible lighting system, depending on the needs to organise and create areas of light specific. It is therefore a spotlight that allows you to create a general lighting, but also accent lighting.

Other interesting qualities that we can could list are its quick installation of type rail, a service life of the luminaire that reaches at least 30000 hours at a constant temperature or an angle of opening the light beam, 17 degrees thanks to its optics type Spot. It is a spotlight, ideal for all types of installations in the sector retail, for commercial premises or for lighting restaurants.

APPLICATION

Accent lighting, General lighting
