Cover for HDMI + USB connector matt black Simon 100

REF. **10001095-238**

BASIC INFORMATION

DESCRIPTION

Cover for HDMI + USB connector, black in color and belonging to the Simon 100 series. The Simon 100 series is equipped with horizontal rockers with pulsation drive, which therefore allow maximum interaction on the surface. In addition, in this series, the matrix layout of the keys is more intuitive and easier to remember. This cover for 1 element complies with European regulation EN 50581: 2012 and is made of PMMA with thermoplastic sleeve. It can be recessed into rooms where the temperature is between around 0 and 40 &#65533; C, although it can withstand extreme temperatures from around -25 to 75 &#65533; C. Cleaning is very simple, you just need to wipe it with a soft cloth slightly moistened with soapy water, without having to use ever abrasive cloths or cleaning products containing chlorine in its formulation, because it could be damaged but not works correctly.

FINISH

Matt black

COMPATIBILITY

Mechanisms Simon 100
