Cover with safety device for Two-pole socket outlet champagne Simon 82

REF. **82040-64**

BASIC INFORMATION

DESCRIPTION

This cover for a two-pole socket outlet is the series of Simon products and comes with safety device. Its installation allows two options, make it by recessed or directly on surface-mounted or wall. Its measures are 55 x 55 millimetres. Simon seeks to give to its products a character multifunctional. In this sense, not only comply with the functions for which were designed, but also lends itself much attention to its design for which does not disharmony with the appearance of the place where it is placed. Thus, this cover comes in a champagne finish colour very stylish but the product is available in a total of seven different finishes, so it is advisable to choose a frame of the same baseboard colour as the selected cover. The thermoplastic material of which it is made gives a lot of resistance, but it is also galvanized thermoplastic, doubly resistant as to accomplish this is subject to the thermoplastic to a process using the that has been overlaid by another metal.
