

Spotlight 740.01 Rail 3000 K Flood White

REF. 74001030-383

BASIC INFORMATION

DESCRIPTION

The Spotlight 740.01 Rail 3000K Flood White is a spotlight of an attractive white colour with textured paint on a aluminium body of the highest quality. If to this we add its high thermal design without a doubt, we are faced with a spotlight resistant and very appearance. It also stands out for its simple rail-type installation, ideal for quick placement.

A difference of other spotlights with a power similar (20 W), this spotlight with a type of Flood optics guarantees that the angle of opening the light beam is at least 25 degrees, a number that have a greater than the Spot category optics. The service life of the luminaire contributes to prolong its durability, as it is able to send at least 30000 hours of light at a constant temperature.

The light it offers, is a warm white light type cosy and a very pleasant thanks to its 3000 K of colour temperature. This without a doubt positioned to this spotlight as one of the most interesting for installation in shopping malls in the sector retail or restaurants, among other spaces. It also suitable both for general and accent lighting.
