

Frame for surface or flush mount boxes with centre frame with 2 rows for 4 elements ivory Simon 27 Centralisations

REF. 27851-32

BASIC INFORMATION

DESCRIPTION

Frame for surface-mount boxes or to be recessed with frame-holder of two rows for four elements finished in ivory colour and that you can find in the category "frames" of the series Simon 27 Centralizations. Benefit from the multiple options of the frames belonging to the category: DIN rail adaptor, pressure label holder, built-in earthing socket, housing for connecting strips, among many other options. Enjoy all the electronic functions from a single point, have control of all the elements of each room, thanks to 1,2 and 3 rows with capacity of up to 8 modules per row. Installation in surface-mounted and recess parts. By means of adaptors, the boxes are linked together and allow the installation to be extended, both in surface-mounted and in the version recess.
