BASIC INFORMATION

DESCRIPTION

Our 2-meter aluminum mini trunking is a robust and efficient solution for cable management in electrical projects. Made from high-quality aluminum, it meets the highest safety standards by being flame-retardant in case of fire. With compact dimensions and a specialized internal design, it facilitates effective cable organization in tight spaces. Additionally, we offer a versatile range of accessories to adapt it to various architectural configurations. With IP4X and IK07 certification, we guarantee an exceptional level of protection for your electrical installations. The indicated price is per meter and is supplied in batches of 8 units (16 meters in total)
