Frame for 4 elements gloss black Simon 100

REF. **10000640-138**

BASIC INFORMATION

DESCRIPTION

The Simon 100 series of frames are committed to versatility and design in equal measure. This is the frame for 4 elements, in black color finish from the Simon 100 series. It can withstand a maximum temperature of 50 degrees centigrade and its easy flush installation makes it a perfect option for any space. It can also be positioned, placed vertically or horizontally. The frame socket is made of thermoplastic material, which guarantees the safety of the product during its use. And the frame in other components used like PMMA. Its beautiful color in black finish with quartz effect, gives it an allure of elegance and style. Half of this frame is 84 x 297 millimeters and its depth is 9.7 millimeters. The Simon 100 series product is ideal for 1, 2, 3 or 4 elements, depending on the model. For correct maintenance of the black frame, you just need to clean it with a cloth soaked in soap and water, avoiding aggressive cleaners.
