Hinged cover with safety device for German socket outlet champagne Simon 82

REF. **82090-34**

BASIC INFORMATION

DESCRIPTION

In champagne colour and of the Simon 82 series we have the following hinged cover with safety device for Shuko socket-outlet. It has a very simple installation because it is suitable for surface mounting or flush mounting, you can find the element hinged security in the category of ""rockers and covers"", being able to choose a finish from six available to combine it in the best way with the decoration of your home. Take advantage of the avant-garde finishes of the Simon 82 series to enjoy the comfort of your home to the maximum exponent, also to facilitate its installation they have wanted to complement the compatibility and so the mechanisms of the Simon 77 range are available for this range, making it so that you do not have to peel even a single wire and thus facilitates the installation completely. The materials used to manufacture the Simon 82 range of elements have thermoplastic insulation so that they can perform at maximum with temperatures of very distant intervals.
