

Flat voice and data plate with dust cover for 2 Systimax® RJ45 connectors aluminium Simon 82

REF. 82009-33

BASIC INFORMATION

DESCRIPTION

In aluminium colour, we have this data and voice computer plate with dust cover of the Simon 82 series. It has 2 Systimax ® RJ45 connectors and is available in up to a total of 6 different finishes, adapting to homes of all styles. In order to achieve a perfect integration, we recommend that the frame that will complement the set be of the same baseboard colour as the of the plate. Position, place in your home, this plate 55x55 mm, is simple, you can choose to place it on a surface-mounted and recessed where you want. In galvanized thermoplastic is the main material of this piece, giving it properties that make it fully functional at temperatures between 5 and 40°C, being able to withstand maximum temperatures of -25 and 50° C. Use a damp cloth for cleaning, it is not recommended to use products that may be abrasive as they can damage the part.
