Surface-mount base for 3 elements horizontal Simon 44 Aqua

REF. **4400765-035**

BASIC INFORMATION

DESCRIPTION

Surface-mounted socket for three elements, it belongs to the series products, Simon 44 Aqua. This socket can only be installed horizontally. However, its appearance is perfect to be integrated into any room, guaranteeing a harmony ideal. The dimensions of the socket are 84 x 236 millimetres, with a depth of 33 millimetres. It is available in versions for one, two or three elements in total. The materials of manufacture of the product advocate for the quality and the security, thanks to the thermoplastic which generates a halogen-free watertight, preventing is the flame spread in case of fire. Withstands very variable temperatures, ranging from -25 ° and + 50 degrees centigrade maximum. This variety of temperatures as extreme in which it can operate the socket Simon is due to the quality of the materials with which it is manufactured. For maintenance you just need to use a soft cotton, very soft and completely dry cloth.
