

Spotlight 740.00 Rail 3000 K Flood White

REF. 74000030-383

BASIC INFORMATION

DESCRIPTION

The Spotlight 740.00 Rail 3000K Flood White of Simon offers a flood optics type that allow to have an angle of opening much more wide that with other spotlights, as it reaches up to the 27 degrees. In return we can highlight the Colour rendering index is 80 about 100, something less than other spotlights of Simon that have optics type Spot.

It is a spotlight, which is designed to have a long service life in any space where it is installed, since it can reach to send to 30,000 hours of light to 25 degrees of a constant. The colour temperature of 3000 K allows you to generate comfortable environments ideal in commercial in the sector retail or restaurants. All this with a capacity of send 2620 lm with a power that reaches the 30 W, so that you can assert that is a spotlight efficient in terms of energy.

It is therefore ideal both a spotlight for general and accent lighting and its colour white on a high thermal design is very attractive if we have in mind that the body is made of high quality aluminium. A spotlight 740 of the range of Simon perfect for commercial premises.
