

Vertical front kit for 2 elements and 3 rockers matt white Simon 100

REF. 10020215-230

BASIC INFORMATION

DESCRIPTION

Vertical front kit designed to occupy a total of 2 elements with 3 keys. It has a beautiful white colour and is made of matte finish, coinciding with the aesthetics and finish of the Simon 100 series and being compatible with the rest of 100 series mechanisms.

The installation of this kit is done vertically. It can be marketed throughout the EC as it is a standard type product that follows current regulations.

It should be noted that for proper maintenance, it should be cleaned with a damp cloth and concentrated cleaners containing chlorine should not be used, to avoid deterioration and ensure its high durability during its lifetime.

For the device to remain in perfect condition and to work properly, it must be installed in an area where there is a temperature range between 5° C and 40° C; not forgetting that the temperature range for storage is between 25° C and 50° C.

FINISH

Matt white

COMPATIBILITY

Kit mechanisms Simon 100
